INFORMATION DISCLOSURE STATEMENT

Sir:

This application is a U.S. national stage filing of  
PCT/EP99/05234, having an international filing date of  
July 22, 1999, and a U.S. national stage entry date of  
January 17, 2002.

In accordance with 37 C.F.R. § 1.97, enclosed are  
references relating to the above-identified application. For the  
convenience of the Examiner, these references are listed on the  
attached Form PTO-1449, and a copy of each is enclosed herewith.

It is respectfully requested that these references be  
considered in the examination of this application and that their  
consideration be made of written record in the application file.

Each of the references cited in the International  
Search Report is enclosed, except German language documents  
EP 0 480 289 and DE 196 29 166, which were cited merely as A  
documents for technical background.

As to German publication DE 198 01 661, the Applicants  
refer to the characterization of the publication in the  
International Preliminary Examination Report (IPER), for which an  
English translation is enclosed. As stated in paragraph 4 of the  
IPER, "the use of primers from the rRNA spacer region in  
diagnostics is also described in" this reference.
